

Trudy Anderson

After working as a real estate sales person and a mortgage broker, Trudy started her career in property management some 35 years ago working for a major developer/property owner of rental property in the city at that time. After 11 years, the scope of the company changed and Trudy moved on to fee rental management and then on to condominium management with KDM Manager. Trudy has been with KDM Management where she stayed for some 16 years managing a portfolio ranging from 20 units to 250 units. During this time, she received the ACMA designation from ACMA. Trudy has been an active and lively participant in the licensing process for condominium managers. After a time away from the market place Trudy returned to work with KDM Management as a consultant and manager. Trudy continues to promote the benefits of the Canadian Condominium Institute to condominium boards and owners.
